The perfect hub for the rider looking for one of the most affordable high performance hubs available. The version offered here is for 15x100mm Thru Axle / Centerlock. The aluminum hubs are 100% swiss made for world class precision and quality. The spoke holes are crafted precisely to make sure the spoke heads can not move under load changes, reducing the risk of spoke fatigue failure. Labyrinth seals protect the bearings from dirt and water and ensure smooth rolling characteristics.

- Brake rotor mounting system licensed by Shimano.
- No special tools needed for routine maintenance.

This product has additional options:
