Select Options

Fitwheels makes wheels.. As many are riders, so many needs for selection and personalize of the appropriate set of wheels. We use for production the highest quality components. When you go against the client's needs, you can make it easy to adjust the wheel specifications to the customer's needs. All wheels built by fitwheels pass through a demanding process that ensures a high end of the product. Dt Swiss - Swiss manufacturer of hubs, rims and other components necessary for the construction of wheels at the highest level. The brand of this brand is known for its high quality performance and unique design. WTB - Wilderness Trail Bikes (usually shortened to WTB) is a privately owned company based in Marin County, California, USA. Founded in 1982 as a company that specialized in mountain bike parts, today WTB sources and sells its product worldwide supplying bike manufacturers and bike shops with components including tires, saddles, rims and grips.
